1909 - The 100th Anniversary of Broomball

The Saskatchewan Broomball Association is very lucky to have obtained funding to research, write and publish a book on the History of Broomball in Saskatchewan. This project has been underway for a number of years and is currently in the writing phase. The publication of the book is on schedule for late 2010. The book will tell the story of the evolution of the sport from a game played at winter carnivals to the elite sport that has now developed all over the world. Broomball is truly unique, as National & International events continue to be popular, there still is a demand and a lot of fun to be had at the recreational level.

During the research phase of this project, a newspaper article was discovered in the March 6/1909 edition of the Saskatoon Star Phoenix. The article reported a Broomball game played on Mar 5/1909 in Perdue (a small town a few km outside of the city of Saskatoon) between the employees of the Perdue Hotel and the employees of the town office. Prior to this article, the oldest report of a Broomball game was from Massey, Ontario in 1911. The Massey newspaper published a picture displaying a Broomball game being played on a football field covered in snow - the goal posts were visible and being used as goals.

Since the 1909 article was discovered, considerable additional research has been conducted and the 1909 game continues to be the oldest documented report of a game of Broomball.

"Sport For All Raffle" LICENSE #L09-0440

The Saskatchewan Broomball Association held its annual "Sport For All Raffle" draw on March 17th, 2010. Once again terrific prizes, dedicated seller groups, and generous sponsorship made the raffle a success.

The raffle aids in the development of Broomball throughout the Province by providing funding for promotional clinics and programs; Minor player development; tournaments, provincial, and national competitions; coaching programs; officials development; Aboriginal development; member programs and league development. These are just some of the projects that the SBA is able to operate as a result of raffle funds.

Thank you to everyone who participated in this year's raffle, your support is greatly appreciated.
