- 3.3 The Category chairman shall have the authority to add teams to fill an uneven draw as necessary.
- 3.4 Two points will be awarded for a win, zero points for a loss. Overtime will be played in the round robin, according to the C.B.F. rule book. If three or more teams are tied in points after the round robin, mini games (two five-minute stop time periods) will decide the positions of these teams in the round robin (except as noted below).
- 3.5 If two teams are tied - record against each other. The following tie breaking procedures will be used when necessary as follows:

For Mini Games: Team with best +/- in games amongst each other will get bye. If a tie still exists the team with the best +/- against the team not involved in the tie in the highest position will get the bye. If a tie still exists it will go to the +/- record against the next highest team and down the line until bye is determined. If decision is not realized a coin flip determines the bye, then proceed back to mini format.

Mini games shall not be considered in the event that there is a three-way tie and no team is eliminated from further play after the round robin. The above noted +/- system will be implemented to place the advancing teams.

Overtime shall not be a factor in determining +/- positioning. The winner of an overtime game shall be credited with a + 1 and the loser a - 1 if goals against need to be determined.
